

Steens New Zealand is looking for a **Hive Supervisor and Beekeeper** to join us in our mission of making a difference by championing the cause for one of nature's true miracles – Active Manuka Honey. We believe our industrious ally, the honey bee, is unarguably the most important insect in our human food chain and we are looking for a passionate Hive Supervisor to work alongside these industrious creatures to bring the best yield a hive can during our honey season. The Steens team are masters at fusing the age old tradition of beekeeping with the modern world and using breakthrough innovation. We are determined to bring the world honey just as Mother Nature intended. We are inspired by the power of nature and driven by who she can help.

Key Requirements

- A minimum of 2 years Commercial Beekeeping experience
- Experience in managing +500 hives
- Nationally Recognised Beekeeping Qualification Level 3
- Class 2 HT License
- Strong communication skills and a good command of English language
- NZ Residency or a valid NZ Work Visa
- DECA

Start Date: November/December 2013

Contract Time: 3 month, 6 month and 1 year contracts available

Remuneration: Competitive package based on experience

This role is based in Masterton, Wairarapa.

If you think you have what it takes to fill this challenging position send your CV and letter of motivation to **Tina Craig** on Tina@steenshoney.co.nz or phone **+64 (0) 370-2900** for further information
